Ten bucks seems like a bunch of bills to us. We're sorry to have to charge this much, but we really wanted to be able to publish the hot pics and beautiful art in their full glory. We were gonna do the kinko's thing in traditional old-school zine style, and just insert a page of pricey color photo copy. Then we crunched the numbers and realized for about same cost per issue we could do it all in lovely color. Only difference is we need to sell a heap of Size Queens to break even. So, please buy one for your friend, too. It's less than the cost of a movie and popcorn and we promise it will provide more to talk about. Donations gladly accepted.

Size Queen is a movement, a collaboration between members of a community that have not yet all met, a project about visibility with Max Airborne and Cherry Midnight at the helm.

Size Queen sends special thanks to all the contributors, Joe, the Thermalia family, Candida, Ky and Audey. Also huge thanks to all the activists who inspire us every day! We love you!
